Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Notice of Non-responsive Amendment

The amendment filed on 06/13/08 canceling all examined claims and presenting only new claims that is independent and distinct from the invention already examined is non-responsive (MPEP § 821.03). The remaining claims are not readable on the examined invention because the claims already examined were drawn to on an isolated gene and use of said gene to treat plant diseases, while the new claims are drawn to a method of identifying a *Xanthomonas campestris* (Xcc) gene directly involved in pathogenicity using a broad host range cosmid comprising a transposon and a plurality of Xcc cells.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
